

CLEAN YOUR HANDS WITH AN ALCOHOL BASED GEL

Empowered lives.
Resilient nations.

1A

Place a sufficient amount of product in the palm of hands, covering all surfaces.

1B

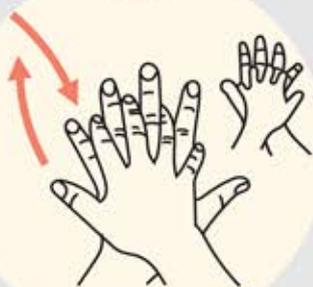

2

Rub both palms together.

3

Rub the right hand palm against the back of the left hand, interlocking fingers. Repeat this process with the left hand palm, rubbing against the back of the right hand.

4

Rub palms together, interlocking fingers

5

Rub the back of the fingers of one hand with the palm of the opposite hand, holding fingers together.

6

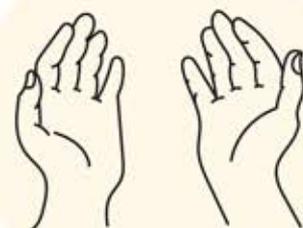

Rub the left thumb in a rotational motion, grasping it with the palm of the right hand. Repeat with the opposite hand.

7

Rub the tips of fingers of the right hand against the palm of the left hand, creating a rotational movement. Repeat with the opposite hand.

8

Once dry, hands are sanitized
