#eFUTURE provides a step by step guide to help businesses re-tool and discover new ways to reach customers. This resource is provided through 6 publicly available guides featuring practical tips and simple tools:

GUIDE 1: Keep your business active
GUIDE 2: Efficiently handle orders and deliveries
GUIDE 3: Organize business finances during complex times
GUIDE 4: Ensure business safety and security
GUIDE 5: Implement various payment methods

GUIDE 6: Generate appealing products and promotions for your clients

This icon indicates support tools that put this guide into practice. A summary of available tools is located at the end of this document.
GUIDE 6: GENERATE APPEALING PRODUCTS AND PROMOTIONS FOR YOUR CLIENTS

In complex times, there is a need to develop new market strategies. This quick guide includes tips for developing products and promotions that are attractive to customers.

1. KNOW YOUR CLIENTS

Identify what your customers are thinking and feeling so you can better relate to them and attract new ones to sustain and increase sales. See Annex 1.

Use the empathy map tool to analyze and understand client wants and thus be able to earn their trust and loyalty. Pay attention and listen. See Annex 2.

Where can you gather information for the empathy map? Listen and observe. This can be done in social networks.

2. COME UP WITH WAYS TO IMPROVE CLIENT LIVES

Identify the simple things that make the customer experience at your business good enough for repeat business. See Annex 3.

Think of simple and practical ways to make customers happy. This can include services such as home delivery, advance washing of vegetables and fruits or the carrying of items.

Including different payment options is also a bonus for clients.

See Guide 5: Implement various payment methods.

Consider everyday tasks that people do not like to do such as cooking. In response, develop pre-packaged recipes and meals.

Identify your skills and link them with the needs of your customers.
3. **OFFER EFFECTIVE AND ATTRACTIVE PROMOTIONS**

   Develop an easy product or promotion. For example, sell washed and peeled potatoes or group complementary products such as masks and gloves together. See Annex 4.

   Establish promotions with seasonal products and those that correspond to customs and traditions. For example: products to prepare rotis, pepperpot, jerk chicken or other traditional dishes. See Annex 5.

   Put together cleaning and disinfection kits that include detergents, alcohol and chlorine. Pair them with disposable wipes. See Annex 6.

   When launching promotions, consider products in high demand and pair them with those that do not sell well so that you can get rid of underperforming items. In the most visible business spaces, place in-demand products.

4. **DETERMINE THE PRICE**

   Calculate costs associated with products or promotions (raw materials, packaging, supplies, advertising, labor, packaging and delivery costs if home service is done). See Annex 7.

   Investigate what your competition is offering and how much it is selling for.

   Set a price that is always above production costs and similar to the competition.

5. **GET TO MARKET AS QUICKLY AS POSSIBLE**

   Launch your promotion as soon as possible. Done is better than perfect. You can always update along the way.

   Take advantage of festivities and celebrations such as Mother’s Day. Run associated promotions at least two weeks before the special date.

   Evaluate how customers are reacting and adjust if necessary.
6. LISTEN TO CUSTOMER FEEDBACK ON THE PRODUCT OR PROMOTION

Warmly receive all comments from customers. This will help improve products or promotions.

7. TAKE ACTION!

When you have found a winning combination of products, prices and customers, circulate it among your contacts. Release posters and use any approach that will make new consumers find out about your offerings. See Annex 8.

See Guide 1: Keep your business active.

If this doesn't work, identify points to improve on, reinvent and try again. See Annex 9.
